(B)

The Shagara at School project designs gardens and green roofs for schools in Egypt. Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. That means that they are great for the environment.

The project teaches students and teachers how to plant a roof garden. They learn about which plants grow well in the hot, dry weather.

In 2017, classes at one school started going to their green roofs for lessons. People at the project thought this was an amazing idea!

In 2019, they built their first classroom on the roof. The desks are in the shade, but there are no walls. Students and teachers have space and can see the flowers and plants.

The Shagara at School Project says roof gardens can help students in many city schools. Green outdoor places make us calm and healthy - and that is great for learning.

### " A description of a room "

We moved into a new apartment last month. I'm happy because I have a new room. My new room is large, light and more comfortable. I share it with my brother, Hassan. We are always good friends. We have a long desk for PCs so we can do our homework in our bedroom. When we finish our homework, we can play computer games in our room. We watch cartoons with our friends, too.

### " Caring for your cat "

Give your cat lots of attention so it feels safe. You should move your hand over its back, or under its chin. Cats love this! They like a warm, comfortable bed. Don't wake it up cats need to sleep for about 15 hours every day! They like small meals at different times in the day. If you look after your cat well, you'll have a new furry friend in your life!

### " Caring for your turtle "

**From** : Ali@gmail.com  
**To** : Omar @gmail.com  
**Subject** : caring for your turtle

Hi omar,

I'm glad to send you this email. How are you and your family? I send you this email to tell you about how to care for your turtle. These animals like to eat flowers and plants. Turtles need a very large space for their home. A bigger turtle needs a bigger space! They need clean soil to dig in, too. They also need a heat lamp to keep them nice and warm.

Yours,

Ali

## Topics for paragraphs

### " The music club "

In my opinion, music is very interesting and relaxing. First of all, all children should learn music at school. I think playing music is a good way to relax. In addition leaning music is a good way to be creative and use different parts of your brain. Finally leaning an instrument teaches us good habits. We learn that we have to practice to get great results!

### " Classrooms on the roof "

In Egypt, some classes have their lessons in a garden on the roof of the school! The Shagara at School project designs gardens and green roofs for schools in Egypt. Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. That means that they are great for the environment. The project teaches students and teachers how to plant a roof garden. They learn about which plants grow well in the hot, dry weather.

### " The Importance of school trips "

In my opinion, school trips are exciting learning experiences. First of all, we can learn a lot by visiting new places. When we learn about something in a classroom and then see it in real life, we understand it better. In addition, school trips are often more interesting than only reading about things in books or watching videos. Finally, we can continue learning when we are back in the classroom after the school trip. We can do a project about what we saw on the trip. Trips are very important part of education

### " Studying the past "

I believe that studying the past helps us understand the present. I think, we can learn a lot by studying the past. History helps us understand our society and other countries. Some people say that the present is more interesting than the past, but I don't agree History is interesting and exciting. It is full of great stories and interesting people. Finally, history helps us learn from past mistakes so that we don't repeat the same mistakes in the future.

### " Your school week "

We go to school from Sunday to Friday. I have to wear a school uniform. My school uniform and shoes have to be neat. I often walk to school when it's dry and sunny. I sometimes get the bus with my friends. We do more interesting subjects, like ICT. I like using computers! School starts at 8 am and finishes at 3 pm. We have an hour for lunch. I usually bring lunch from home.

### Green City School

At Green City School, they want to help the environment. They use solar panels to make electricity. They recycle a lot of paper. They have a school garden to grow plants, vegetables, and fruit. It is a great place to learn about nature. The climbing frame in the Eco-playground is made of recycled materials. In the garden we grow our own flowers, fruit and vegetables.

The Shagara at School project designs gardens and green roofs for schools in Egypt. Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. That means that they are great for the environment.

The project teaches students and teachers how to plant a roof garden. They learn about which plants grow well in the hot, dry weather.

In 2017, classes at one school started going to their green roofs for lessons. People at the project thought this was an amazing idea!

In 2019, they built their first classroom on the roof. The desks are in the shade, but there are no walls. Students and teachers have space and can see the flowers and plants.

The Shagara at School Project says roof gardens can help students in many city schools. Green outdoor places make us calm and healthy - and that is great for learning.
